

Zaplox MOBILE KIOSK

Zaplox Mobile Kiosk is an alternative way for hotels to offer mobile check in, check out with RFID, Magstripe and Mobile Keys. Available in both mobile web and app format, our kiosk solution is compatible with most tablets and offering your guests the convenience of mobile check-in, check-out as well as both physical keys or mobile keys upon arrival.

ZAPLOX MOBILE KIOSK

Whether you are a high touch independent or global hotel chain, your guests will appreciate the 24/7 availability to create their own keycard, manage their accounts and using the easy to use kiosk interface. This solution is ideal for hotels with a mix of mobile enabled locks and other key solutions.

Next Generation Kiosk Supports Mobile and Keyless Plus KeyCards

Zaplox apps are fully customized for both iOS and Android.

Zaplox is the market innovator leading the way in mobile key technology since 2010. We help hotels create a world-class revenue generating mobile guest journey.

KEYLESS

Can replace or co-exist with all current key card technologies

Benefit from cost savings, increased security and eliminate waste of plastic cards.

PROFITABLE

Deliver better service and personalized offers to your guests

Easily create revenue generating offers that are customizable to fit various guest segments.

SMART

Smart services all the way

Guests can access all services from one convenient app and staff is freed up to engage with guests.

Learn more about Zaplox products and how they can benefit your hotel and keep guests coming back.
